External Canopies

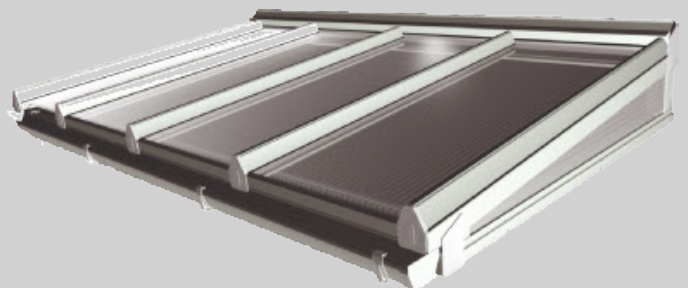

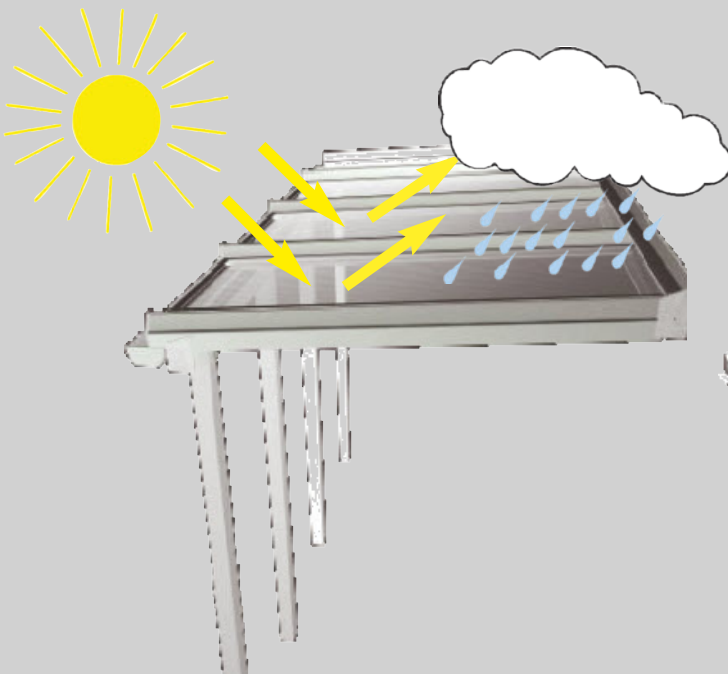

Carports and External Canopies

The Henderson external carport system has been chosen for its strength, design and durability to give a trouble free easy maintenance product. Manufactured from PVC and aluminium extrusions in a choice of colours, the system has the ability to incorporate various types of roof glazing from 16mm to 35mm polycarbonate as well as glass. Installed by our own professional fitting teams to exacting standards you can be sure of a product that will last and serve you well.
