Unique optional security upgrade by combining the standard manual lock with the Magic series of motors. This lock is automatically released when the motor is used and provides a simple yet effective security upgrade to your g60 door. (additional cost)

Safety and security are guaranteed with the G60 sectional door for all ages.

Rollers and lifting cables are covered providing unparalleled protection at the sides of the door.

Anti-pinch panel profiles are safe in use, preventing fingers from becoming trapped in joints.

Zinc plated steel panels with a final treated surface and HFC free polyurethane foam filling.

Steel curved guides provide secure guidance for the ball bearing rollers attached to the panels.
