# Single Skin One Piece Doors

Our standard one piece Single Skin Steel Garage Door comes with the choice of Canopy or Retractable operating gear at no extra cost. All painted doors are fully finished with a high-grade white powder-coating, with the option of a variety of colours for most standard sizes. All doors come complete with a galvanized steel mounting frame supplied in the same colour as the door or complementary in the case of Woodgrain steel effect. Retractable doors can be motorised with the addition of one of our powerful motors, adding a bit of luxury and convenience to your door.

Medium Rib Horizontal - Golden Oak

Medium Rib Vertical - Rosewood

Standard Rib Horizontal - Rosewood

Retractable doors run on smooth polymer rollers in suspended tracks and are perfect for remote control operation.

All doors are CE marked and comply with current safety legislation. Canopy doors feature an anti-drop device in the unlikely event that a lifting cable should fail.

Canopy gear is spring assisted and provides a simple and effective solution for doors up to 9'0" wide.

Up and over doors feature simple but effective cable operated latches that are engaged and disengaged with the locking handle.

Aside from the ever popular white, doors are also available in the classic low gloss solid colours shown.

Every door is factory finished for excellent corrosion resistance.

Golden Oak frames are finished in Clay Brown (RAL 8003) and Rosewood frames are finished in Mahogany Brown (RAL 8016).
